**Review report on condensed consolidated interim financial information to the Shareholders and Directors of National Bank of Fujairah PJSC**

***Introduction***

We have reviewed the accompanying condensed consolidated interim statement of financial position of National Bank of Fujairah (“the Bank”) and its subsidiaries (together referred to as “the Group”) as at 30 September 2017 and the related condensed consolidated interim statements of income and comprehensive income for the three-month and nine-month periods then ended and the statements of cash flows and changes in equity for the nine-month period then ended and notes, comprising a summary of significant accounting policies and other explanatory notes. Management is responsible for the preparation and presentation of this condensed consolidated interim financial information in accordance with International Accounting Standard 34 – Interim Financial Reporting. Our responsibility is to express a conclusion on this condensed consolidated interim financial information based on our review.

***Scope of review***

We conducted our review in accordance with the International Standard on Review Engagements 2410, “Review of interim financial information performed by the independent auditor of the entity.” A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

***Conclusion***

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed consolidated interim financial information is not prepared, in all material respects, in accordance with International Accounting Standard 34 – Interim Financial Reporting.

## Notes to the condensed consolidated interim financial information

*For the nine month period ended 30 September 2017*

### 1. Legal status and activities

National Bank of Fujairah ("the Bank") is a Public Joint Stock Company registered under the laws of the United Arab Emirates. The Bank operates under a banking license issued on 29 August 1984 by the Central Bank of the United Arab Emirates (the UAE Central Bank) and commenced operations on 20 September 1984. The shares of the Bank were listed on Abu Dhabi Securities Exchange (ADX) on 23 October 2005.

The principal activity of the Bank is commercial banking which is carried out from its branch network of eighteen (of which one is an electronic banking service unit in Al Reef - Abu Dhabi) across the UAE in Fujairah, Abu Dhabi, Dubai, Sharjah, Dibba, Jebel Ali, Musaffah, Masafi, Qidfah, Deira, Tawian, Al-Ain, Fujairah City Centre, Al Quoz, Fujairah Free Zone, Al Ras and Fujairah Court.

The Bank has three fully owned subsidiary companies:

- NBF Financial Services FZC was established in December 2004 with limited liability status in the Fujairah Free Trade Zone to provide support services to the Bank.
- NBF Capital Limited is registered in the Dubai International Financial Centre (DIFC) as a company limited by shares under DIFC laws and regulations and regulated by the Dubai Financial Services Authority (DFSA). The Company was established on 3 April 2013 and commenced operations on 12 May 2013. The principal business activities of the Company are arranging credit or deals in investments and advising on financial products or credit.
- NBF Trade Services (HKG) Limited is registered in Hong Kong as a company limited by shares governed and regulated under the Hong Kong Companies Ordinance. The Company was established on 10 May 2013. The principal business activity of the Company is the provision of trade processing services.

The condensed consolidated interim financial information for the nine month period ended 30 September 2017 comprise the Bank and its subsidiaries (together referred to as 'the Group').

UAE Federal Law No. 2 of 2015 (Companies Law) which is applicable to the Group has come into effect from 1 July 2015. The Group had assessed and evaluated the relevant provisions of the Companies Law and has ensured its compliance.

The registered address of the Group is Hamad Bin Abdullah Street, P. O. Box 887, Fujairah, United Arab Emirates.

### 2. Disclosure policy

The Group has established a disclosure policy to ensure compliance with all applicable laws and regulations concerning disclosure of material non-public information, including International Financial Reporting Standards (IFRS), the rules of the UAE Central Bank and its Basel II Pillar 3 guidelines and the listing requirements of the Securities and Commodities Authority (SCA) and ADX.

# National Bank of Fujairah PJSC

## Notes to the condensed consolidated interim financial information

For the nine month period ended 30 September 2017 (continued)

### 2. Disclosure policy (continued)

#### (a) Frequency and medium of disclosure

The condensed consolidated interim financial information is prepared and presented on a quarterly basis while complete consolidated financial statements are prepared and presented on an annual basis in compliance with the requirements of IFRS, Basel II Pillar 3 and other guidelines from the UAE Central Bank. Disclosures of material non-public financial information are made by the Finance Department of the Group through the following mediums:

- Sending quarterly reviewed and annual audited consolidated financial statements, along with Management Discussion Analysis or Directors' report and any other price sensitive information, to ADX and SCA;
- Hosting quarterly and annual consolidated financial statements on the Group's website;
- Publication of the annual report; and
- Investor presentations.

In addition, the Group's Corporate Communication Department discloses and disseminates information through press releases, media coverage and the Group's website.

### 3. Basis of preparation

#### Statement of compliance

The condensed consolidated interim financial information has been prepared in accordance with IFRS, International Accounting Standard (IAS) 34: Interim Financial Reporting as issued by International Accounting Standard Board (IASB). This condensed consolidated interim financial information does not include all the information required for full annual audited consolidated financial statements and should be read in conjunction with the audited consolidated financial statements of the Group as at and for the year ended 31 December 2016.

### 4. Significant accounting policies

#### (a) Standards, amendments and interpretations

The accounting policies and methods of computation applied by the Group in the condensed consolidated interim financial information are the same as those applied by the Group in its audited consolidated financial statements as at and for the year ended 31 December 2016.

#### Standards, amendments and interpretations that are effective for the Group's accounting period beginning on 1 January 2017

New standards and significant amendments to standards applicable to the Group	Effective date
<b>Amendments to IAS 7, 'Statement of cash flows on disclosure initiative'</b> These amendments to IAS 7 introduce an additional disclosure that will enable users of financial statements to evaluate changes in liabilities arising from financing activities including those from cash flows and other non-cash changes. The new requirement typically entails a reconciliation between the opening and closing balances in the statement of financial position for liabilities arising from financing activities.	1 January 2017

# National Bank of Fujairah PJSC

## Notes to the condensed consolidated interim financial information

For the nine month period ended 30 September 2017 (continued)

### 4. Significant accounting policies (continued)

#### (a) Standards, amendments and interpretations (continued)

There is no material impact of the above amendments on condensed consolidated interim financial information of the Group.

There are no other IFRSs or IFRIC interpretations that were effective for the first time for the financial year beginning on 01 January 2017 that have had a material impact on the Group's condensed consolidated interim financial information.

#### Standards, amendments and interpretations issued but not yet effective for the Group's accounting period beginning on 1 January 2017 and not early adopted

New standards and significant amendments to standards applicable to the Group	Effective date
<p><b>IFRS 15, 'Revenue from contracts with customers'</b></p> <p>This standard replaces IAS 11, 'Construction contracts', IAS 18, 'Revenue' and related interpretations. Revenue is recognised when a customer obtains control of a good or service and thus has the ability to direct the use of and obtain the benefits from the good or service. The core principle of IFRS 15 is that an entity recognises revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. IFRS 15 also includes a cohesive set of disclosure requirements that will result in an entity providing users of financial statements with comprehensive information about the nature, amount, timing and uncertainty of revenue and cash flows arising from the entity's contracts with customers.</p> <p><b>Amendment to IFRS 15, 'Revenue from contracts with customers'</b></p> <p>These amendments comprise clarifications on identifying performance obligations, accounting for licenses of intellectual property and the principal versus agent assessment (gross versus net revenue presentation). The IASB has also included additional practical expedients related to transition to the new revenue standard.</p>	1 January 2018

# National Bank of Fujairah PJSC

## Notes to the condensed consolidated interim financial information

For the nine month period ended 30 September 2017 (continued)

### 4. Significant accounting policies (continued)

#### (a) Standards, amendments and interpretations (continued)

Standards, amendments and interpretations issued but not yet effective for the Group's accounting period beginning on 1 January 2017 and not early adopted (continued)

New standards and significant amendments to standards applicable to the Group	Effective date
<p><b>IFRS 9, 'Financial instruments'</b></p> <p>The complete version of IFRS 9 replaces most of the guidance in IAS 39. IFRS 9 retains but simplifies the mixed measurement model and establishes three primary measurement categories for financial assets: amortised cost, fair value through OCI and fair value through P&amp;L. The basis of classification depends on the entity's business model and the contractual cash flow characteristics of the financial asset. Investments in equity instruments are required to be measured at fair value through profit or loss with the irrevocable option at inception to present changes in fair value in OCI. There is now a new expected credit losses model that replaces the incurred loss impairment model used in IAS 39. For financial liabilities, there were no changes to classification and measurement except for the recognition of changes in own credit risk in other comprehensive income, for liabilities designated at fair value, through profit or loss. IFRS 9 relaxes the requirements for hedge effectiveness by replacing the bright line hedge effectiveness tests. It requires an economic relationship between the hedged item and hedging instrument and for the 'hedged ratio' to be the same as the one management actually uses for risk management purposes. Contemporaneous documentation is still required but is different to that currently prepared under IAS 39.</p>	1 January 2018
<p><b>IFRS 16, 'Leases'</b></p> <p>This standard replaces the current guidance in IAS 17 and is a far reaching change in accounting by lessees in particular. Under IAS 17, lessees were required to make a distinction between a finance lease (on balance sheet) and an operating lease (off balance sheet). IFRS 16 now requires lessees to recognise a lease liability reflecting future lease payments and a 'right-of-use asset' for virtually all lease contracts. The IASB has included an optional exemption for certain short-term leases and leases of low-value assets; however, this exemption can only be applied by lessees.</p> <p>For lessors, the accounting stays almost the same. However, as the IASB has updated the guidance on the definition of a lease (as well as the guidance on the combination and separation of contracts), lessors will also be affected by the new standard. At the very least, the new accounting model for lessees is expected to impact negotiations between lessors and lessees. Under IFRS 16, a contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.</p>	1 January 2019

# National Bank of Fujairah PJSC

## Notes to the condensed consolidated interim financial information

For the nine month period ended 30 September 2017 (continued)

### 4. Significant accounting policies (continued)

#### (a) Standards, amendments and interpretations (continued)

##### **Standards, amendments and interpretations issued but not yet effective for the Group's accounting period beginning on 1 January 2017 and not early adopted (continued)**

The Group has taken measures to adhere to the aforementioned new standards and amendments to published standards or IFRIC interpretations issued but not yet effective for the Group's financial year beginning on 1 January 2017.

There are no other applicable new standards and amendments to published standards or IFRIC interpretations that have been issued but are not effective for the first time for the Group's financial year beginning on 1 January 2017 that would be expected to have a material impact on the condensed consolidated interim financial information of the Group.

#### (b) Key accounting estimates and judgments

The preparation of the condensed consolidated interim financial information requires management to make estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, income and expenses. Such estimates are necessarily based on assumptions about several factors involving varying degrees of judgment and uncertainty, and actual results may therefore differ resulting in future changes in these estimates. In preparing the condensed consolidated interim financial information, the significant judgments made by management in applying the Group's accounting policies and the key sources of estimation and uncertainty were the same as those that applied to the audited consolidated financial statements as at and for the year ended 31 December 2016.

# National Bank of Fujairah PJSC

## Notes to the condensed consolidated interim financial information

For the nine month period ended 30 September 2017 (continued)

### 5. Financial risk management

The Group's financial risk management objectives, policies and procedures are consistent with those disclosed in the audited consolidated financial statements as at and for the year ended 31 December 2016.

#### *Fair value measurement principles*

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

When available, the fair value of a financial instrument is based on quoted market prices in an active market for that instrument. A market is regarded as active if quoted prices are readily and regularly available and represent actual and regularly occurring market transactions on an arm's length basis. If a quoted market price is not available or if a market for a financial instrument is not active, the fair value is determined by using valuation techniques. Valuation techniques include net present value techniques, discounted cash flow methods, comparison to similar instruments for which market observable prices exist. For investments under management with external fund managers, fair value is provided by the external fund managers, and is determined based on the market value of underlying investments of each fund. In all other cases, the instruments are measured at acquisition cost, including transaction cost, less impairment losses, if any.

Where discounted cash flow techniques are used, estimated future cash flows are based on management's best estimates and the discount rate is a market-related rate at the date of the consolidated interim statement of financial position for an instrument with similar terms and conditions.

Fair values reflect the credit risk of the instrument and include adjustments to take account of the credit risk of the Group and the counterparty, where appropriate. Fair value estimates obtained from models are adjusted for any other factors, such as liquidity risk or model uncertainties; to the extent that the Group believes a third-party market participant would take them into account in pricing a transaction.

The fair value of derivatives that are not exchange traded is estimated at the amount that the Group would receive or pay to terminate the contract at the date of the consolidated interim statement of financial position, taking into account current market conditions and the current creditworthiness of the counterparty.

### 5. Financial risk management (continued)

#### Fair value hierarchy

The Group measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

- Level 1: Quoted market price (unadjusted) in an active market for an identical instrument. A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry, group, pricing service or regulatory agency, and those prices represent actual and regularly recurring market transactions on an arm's length basis.
- Level 2: Valuation techniques based on observable input, either directly (i.e., as prices) or indirectly (i.e., derived from prices). This category includes instruments valued using: quoted market prices in active markets for similar instruments; quoted prices for identical or similar instruments; or other valuation techniques where all significant inputs are directly or indirectly observable from market data.
- Level 3: Valuation techniques using significant unobservable inputs. This category includes all instruments where the valuation technique includes inputs based on observable data and the unobservable inputs have a significant effect on the instrument's valuation. This category includes instruments that are valued based on quoted prices for similar instruments where significant unobservable adjustments or assumptions are required to reflect differences between the instruments.

Pursuant to disclosure requirements of IFRS 7 Financial Instruments: Disclosures, the Group has disclosed the relevant information under the table below:

#### Fair value measurement – fair value hierarchy:

30 September 2017 (Unaudited)	Notional AED'000	Level 1 AED'000	Level 2 AED'000	Level 3 AED'000

- 12.1 Customer deposits and Islamic customer deposits include Qard Islamic current accounts, Murabaha and Wakala deposits amounting to **AED 3,426.6 million** (31 December 2016: AED 2,931.5 million) undertaken through a Shari'a - compliant Islamic window, NBF Islamic.

### 13. Shareholders' equity

#### *Share capital*

	30 September 2017 AED'000 Unaudited	31 December 2016 AED'000 Audited
<i>Authorised, issued and fully paid:</i>		
1,366,526,563 shares of AED 1 each (2016: 1,271,187,500 shares of AED 1 each)	<u>1,366,527</u>	<u>1,271,188</u>

The Board of Directors proposed a distribution of bonus shares of **7.5%** of share capital and cash dividend of **7.5%** of share capital for the year ended 31 December 2016. This distribution was approved by the shareholders at the Annual General Assembly Meeting held in March 2017.

# National Bank of Fujairah PJSC

## Notes to the condensed consolidated interim financial information

For the nine month period ended 30 September 2017 (continued)

### 14. Tier 1 capital notes

In March 2013, the Bank issued Tier 1 capital notes with a principal amount of AED 500 million (the "Capital Notes"). Issuance of these Capital Notes was approved by the Bank's Extra Ordinary General Meeting (EGM) in March 2013. The UAE Central Bank has also approved the facility to be considered as Tier 1 capital for regulatory purposes. These Capital Notes bear interest at a fixed rate payable semi-annually in arrears. The Capital Notes are non-cumulative perpetual securities for which there is no fixed redemption date, and are callable by the Bank subject to certain conditions. The Bank may, at its sole discretion, elect not to make an interest / coupon payment.

In March 2015, the Bank issued Tier 1 capital notes with a principal amount of AED 500 million (the "Capital Notes"). Issuance of these Capital Notes was approved by the Bank's EGM in March 2013. The UAE Central Bank has also approved the facility to be considered as Tier 1 capital for regulatory purposes. These Capital Notes bear interest at a fixed rate payable semi-annually in arrears during the initial period of five years, and will be reset every five years based on the then prevailing 5-year AED mid swap rate plus margin. The Capital Notes are non-cumulative perpetual securities for which there is no fixed redemption date, and are callable by the Bank subject to certain conditions. The Bank has also defined conditions for non-viability loss absorption and write-down in line with Basel III guidelines. The Bank may, at its sole discretion, elect not to make an interest / coupon payment. Issuance costs of AED 1.538 million were incurred.

### 15. Earnings per share

The calculation of earnings per share for the nine month period ended 30 September 2017 is based on net profit of **AED 330.9 million** (30 September 2016: AED 320.4 million), after deduction of **AED 70.5 million** (30 September 2016: AED 70.6 million) of coupon payment on Tier 1 capital notes, divided by the weighted average number of shares of **1,366.5 million** (30 September 2016: 1,366.5 million shares after adjusting for bonus shares) outstanding during the period.

The calculation of earnings per share for the three month period ended 30 September 2017 is based on net profit of **AED 85.0 million** (30 September 2016: AED 80.5 million), after deduction of **AED 35.4 million** (30 September 2016: AED 35.4 million) of coupon payment on Tier 1 capital notes, divided by the weighted average number of shares of **1,366.5 million** (30 September 2016: 1,366.5 million shares after adjusting for bonus shares) outstanding during the period.

### 16. Related parties

Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial or operational decisions. In the case of the Group, related parties, as defined in the International Accounting Standard No. 24, include major shareholders of the Group, directors and officers of the Group and companies of which they are principal owners and key management personnel. Banking transactions are entered into with related parties on agreed terms and conditions approved by the Board of Directors. The significant transactions and balances included in the condensed consolidated interim financial information, which predominantly relate to directors and shareholders of the Group, are as follows:

### 17. Capital adequacy ratio

The Group's regulatory capital adequacy ratio is set by the UAE Central Bank which is 12% analysed in two tiers, of which Tier 1 capital adequacy ratio must not be less than 8%. The Group has complied with its capital adequacy calculation in accordance with Basel II Standardized Approach for credit, market and operational risks.

The Group's regulatory capital is analyzed into two tiers:

- Tier 1 capital, which includes ordinary share capital, statutory reserve, special reserve, retained earnings and Tier 1 capital notes. In preparation of Basel III compliance, the Group also monitors the common equity ratio separately within Tier 1 capital which excludes Tier 1 capital notes; and
- Tier 2 capital, which includes fair value reserves relating to unrealized gains / losses on investments classified as available-for-sale, collective impairment provision and sub-ordinated facilities. The following limits have been applied for Tier 2 capital:
  - Total Tier 2 capital shall not exceed 67% of Tier 1 capital;

### 19. Segmental reporting

The Group uses business segments for presenting its segment information in line with the Group's management and internal reporting structure. The Group's operations are confined mainly in the UAE.

Business segments pay and receive interest, to and from Treasury on an arm's length basis to reflect allocation of capital and funding costs.

#### *Business segments*

The Group conducts its activity through the following clearly defined business segments:

#### **Corporate and Institutional banking**

##### *Corporate and Institutional segments*

The segment offers a range of products and services including credit and trade finance products, and services to large and medium sized corporate customers through separate units and to financial institutions, and accepts deposits.

##### *Business banking segment*

The segment offers a range of products and services including credit and trade finance products, and services to small and medium sized customers through separate units, and accepts deposits. The segment also offers transactional services to small and medium sized businesses.

#### **Retail banking**

The segment offers a range of products and services to individuals and high net worth individuals including personal and mortgage loans, credit cards, other transactions and balances, and accepts their deposits.

### 19. Segmental reporting (continued)

#### Treasury, Asset and Liability Management (ALM) and others

The segment undertakes the Group's asset and liability management centrally and is responsible for optimum utilization of resources in productive assets and management of exchange and interest positions within the limits and guidelines set by management and approved by the Board.

Treasury also offers various foreign exchange and derivative products to customers and is entrusted with the responsibility of managing the Group's investment portfolio together with Asset and Liability Committee. The Group's capital and investment in subsidiaries is recognised under this segment.

The Group has central shared services which include Operations, Risk Management, Human Resources, Finance, Information Technology, Product Development, Legal, Credit and Internal Audit. The shared services cost is allocated to business segments based on transaction and relevant drivers.

The segment analysis based on business segments is set out below:
